Karl J. Ulrich, MD, MMM
Clinic President
1000 N Oak Avenue
Marshfield, WI 54449

Dr. Ulrich,

Per our recent conversation I wanted to write you this letter to clarify the state's position regarding the creation of a dental school in Marshfield.

As you are well aware, 2009 Act 361 awarded \$10 million to Marshfield Clinic to go towards construction of a rural dental education outreach facility in Marshfield. To be clear, the purpose of this money is to expand access to dental education, especially for the provision of dental care in rural and underserved areas, in whatever manner that is consistent with the contract and you believe will best serve the people of Wisconsin. This clarification replaces the letter you received from DSF Administrator Jeff Plale in June.

I hope this provides clarity as we work together to provide greater access to dental services in rural areas of our state.

Sincerely,

Mike Huebsch
Secretary
Wisconsin Department of Administration
