Subject: License and Credential Fees for FY 2023-2025

Co-Chair Marklein and Co-Chair Born:

The Department of Safety and Professional Services (DPS), as required by Wis. Stat. § 440.03(9), has recalculated the administrative and enforcement costs of the department that are attributable to the regulation of each professional occupation or business under chapters 440 to 480.

The Department's mission is to promote economic growth and stability while protecting the citizens of Wisconsin. The Department of Safety and Professional Services continues to operate primarily through fee revenue with none of its operating expenses being supported by state tax revenue. Additionally, our fees continue to be some of the lowest in the nation. This fee report includes the following policy decisions relative to the adopted fee schedule for the FY2021-2023 biennium:

1. Wisconsin State Statutes establish maximum fees for Appraisal Management Companies, Transportation Network Companies, and fees related to Unarmed Combat Sports. Fees related to tattoo and body art are set by administrative rule. For all other licensure fees, this report retains a maximum licensure/credential fee (initial or renewal) of \$60.
2. The initial application or renewal licensure / credential fee for the FY 2023-2025 biennium will remain the same with no changes from the fee table from the 2021-2023 biennium. For all licensure and credential application fees, except those established by statute or rule, or where renewal fees are not applicable, this report continues maintains equal fees for both an initial and renewal occupational license application.
3. Set the initial and renewal fees for the new Pharmacy Technician registration at \$30.

Please find attached to this letter the FY 2023-2025 Fee Report.

Sincerely,
